Independent Auditors' Report

Board of Directors of
PEB Financial Group, Inc.

We have audited the accompanying statement of financial condition of PEB Financial Group, Inc. as of December 31, 2005 that you are filing pursuant to Rule 17a-5 of the Securities and Exchange Commission. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of PEB Financial Group, Inc. as of December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Note 1 Nature of Operations and Significant Accounting Policies

Nature of Operations—PEB Financial Group, Inc. (the "Company") is a registered securities broker-dealer that has provided annuity contracts and investment company products to its customers located in the Midwestern region of the United States. In June 2005, the Company transferred most of its assets to Linsco/Private Ledger. Pursuant to the transfer agreement, Linsco/Private Ledger has assumed responsibility for transaction processing and broker-dealer regulatory compliance.

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Income Recognition—Securities transactions and the related commission revenue and expenses are recorded on trade date.

Income Taxes—The Company files a consolidated federal income tax return with its parent company. By agreement, the provision or benefit for income taxes is computed and paid to or received from the parent company as if the Company filed a separate income tax return.

Note 2 Related-Party Transactions

Under an agreement with its parent company, the Company pays management fees for office space and services received.

Note 3 Profit Sharing Plan

The Company terminated its defined contribution profit sharing plan in 2005. All accounts have been rolled over to participants' other 401(K) or IRA accounts.

Note 4 Income Taxes

The Company has a net operating loss carryforward available to offset future taxable income of approximately \$409,000, which expires in various years to 2025. The Company has a deferred tax asset of approximately \$123,000 arising from this net operating loss carryforward, which has been fully reserved based upon management's evaluation of the likelihood of realization.

Note 5 Bank Loan

For working capital purposes, the Company has a bank revolving line of credit in the amount of \$100,000, maturing on April 5, 2006, at the bank's floating prime rate. The line of credit is personally guaranteed by the sole shareholder of the parent and is secured by the pledge of general assets of the Company. There was no amount outstanding at December 31, 2005.

Note 6 Net Capital Requirements

The Company is a broker-dealer subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). Under the rule, the Company is required to maintain "net capital" equivalent to \$5,000 or 6 2/3 percent of "aggregate indebtedness," whichever is greater, as these terms are defined. Net capital and aggregate indebtedness change from day to day, but at December 31, 2005, the Company had net capital and net capital requirements of approximately \$7,500 and \$5,000, respectively. The net capital rule may effectively restrict the payment of cash dividends.
